

# EVERY BREATH, EVERY VICTORY

A Quarterly Impact Snapshot Jul - Sep 2025

Lives Touched This Quarter  
**NICU Care  
That Counts**

**87**

Critically-ill newborns  
received intensive care

**30**  
day

Average NICU stay  
per infant

These babies are living testaments to the possibilities created when expertise, resources, and compassion converge.

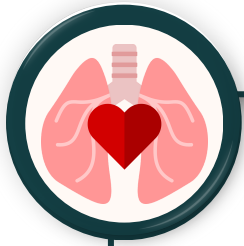

**2400**

Days of life sustaining  
treatment delivered

# Critical Care Spotlight

New Campaigns Rolled Out Across Partner Hospitals

## Surfactant Therapy Campaign

For **35–40%** of babies with underdeveloped lungs

Enables timely **surfactant administration**

Improves chances of **survival in premature infants**

## Total Body Cooling Initiative

For babies with **birth asphyxia (birth oxygen deprivation)**

Provides financial support for **therapeutic hypothermia (Cooling Therapy)**

Reduces risk of **long-term developmental damage**

**Prevention today builds stronger minds tomorrow.**

# Art for Cause 2.0

## Where Talent Meets Compassion

9th August 2025

- In collaboration with **Daffodils Foundation of Learning**
- Unveiling of the CFNFI logo, designed by a **Class IX student**
- Inaugurated by **Ms. Surumy Mammooty**
- Sponsored by **Tata Souful**

Featured in **Times of India**

The event **encouraged students** to use their art to drive meaningful change, showing how even small creative acts can make a big difference.

**Creativity has the power to spark ideas that inspire real-world impact.**

**117 Lives Saved Since April 2025**

A powerful milestone:  
**237 babies supported overall**

**Every child saved is**

- A family's **hope** restored
- Our **mission** strengthened

# Antenatal Awareness Program

## 27th September 2025

- The program held at **Texport Industries Pvt. Ltd., Bangalore**, focused on the critical role of **general good health for women, as well as antenatal health.**
- Expectant mothers and women planning a family were educated on the **importance of regular health checkups** during pregnancy.
- The session **empowered participants** with key insights on early warning signs, nutrition, and timely screenings, and the requirement of antenatal care.

### September: NICU Awareness Month

NICU Awareness Month was a reminder of why we do what we do, to give every critically ill newborn from marginalised families a fighting chance.

### Future Forward: Expanding to Rural Maharashtra

#### We're now working to:

- Forge new hospital partnerships.
- Reaching high-mortality regions in interior Maharashtra.
- Set up targeted interventions and support programs.

**The road ahead is long, but every step is shared.**

#### Together, We Care

Every breath saved is a tiny miracle.  
And your support rewrites what's possible for babies born on the brink.
